

**COURSE NAME****17TH EDITION IEE REGULATIONS
BS 7671: 2008
City & Guilds 2382-10**

“Gain the knowledge and skills to understand the 17th Edition of the Wiring Regulations”

The 17th Edition of the IEE Wiring Regulations was published in January. 2008, and will be fully implemented as of July 1st 2008. All Electricians, Electrical Engineers and others whose scope of work is governed by BS 7671: 2008 will have to abide by the regulations.

This course is designed for Electricians and Installers who have to comply with BS 7671:2008

The 17th Edition City and Guilds certificate is a mandatory qualification for all Electricians and Installers whose work falls within the scope of PART P.

For anyone involved in Installation and Testing or Industrial and Commercial Electrical Installations, this City and Guilds qualification is a requirement under the Electricity at Work Regulations 1989. This states that “all Electricians who are involved in the Installation of Industrial and Commercial Installations be deemed as competent and hold this qualification”.
